5. Other reasons for not attending:

- 1 Sickness in home and out-of-town visitors
- 2 The expense and time are factors, because our small branch does not see the value to us. We can read the info.
- 3 I am beginning to feel "burn out" with organizations-I am in several. I do not want to pass this feeling to younger members, because I still believe in the causes of the organizations of which I am a member.
- 4 The convention in Atlanta conflicted with another convention that I needed to attend in July of 2000.
