Report to the Board  
March 26 2004

**Notes since Fall 2003**

1. The turnover of the AAUW NC database didn't work as expected. Any volunteer for the administrative assistant position for next year is welcome to talk to me more about that so that we can work out a process for handling ongoing updates to the AAUW NC branch and state officer contact information and getting that information available on the web.
2. No one has used the online form to join as an at-large member of AAUW NC. [I'm trying to use it for a friend, but I haven't had the confirmation of their joining online at the Association and it's been a couple of months now (and a couple of weeks since I asked the Helpline about it).]
3. Mea culpa, I haven't really made much of an effort to contact the "communications chairs" in the branches. While one would think that they all know how to find me, that doesn't really substitute for the ongoing communication I, in RCC visits, encourage for all state officers. Note that this relates to (1) above, since if the branch officers know how to find one another it's not as critical when the state officer is unable to start the conversations.
4. I did contact both the AAUW staff and the volunteer leaders about the distribution of the affiliates agreement information. Anyone who wants more details is welcome to talk to me about that over a glass of wine or their beverage of choice.
5. I posted the information about the Hendersonville Latino Leadership program to <http://llp.aauwnc.org>. This was no additional charge for the Hendersonville branch.
6. I've been continuing to help out with NC Women United. Please do check out the web site at [www.ncwu.org](http://www.ncwu.org) and the calendar and newsletter at <http://ncwu.ontero.net>. Their "report card" is available on the web and at their display at this convention.
